

Conejo Community Park

Notice of Community Meetings

The Conejo Community Center was built in 1965. Much like your home, as it ages, additional maintenance costs are incurred due to deterioration and inefficiencies. Similarly, the desires of the community have changed significantly over the past half century. An assessment of the facility, with comprehensive input from the public, will allow CRPD to address infrastructure and repair issues, evaluate the needs of the community, and determine if a new, or renovated, facility is required to meet these needs.

The assessment process will allow CRPD to plan for future needs, investigate funding sources, and strategize for the implementation process. CRPD believes the process is essential to the future investment of the community and will produce immediate and long-lasting benefits. CRPD's vision is to enhance the qualities of this unique facility for the benefit of the community while retaining the "spirit" of Conejo Community Center and Park.

You are invited to attend a community meeting to provide your input. All meetings will be held on-site in the multi-purpose room in the Center at 1175 Hendrix Avenue. If you wish, you may attend more than one meeting; however, each meeting will have a similar format. If you cannot attend the meeting but would like to provide your input, click on the survey link at www.crpd.org/ccproject.

Meeting Dates

- Saturday, Oct. 19
5:00pm
- Wednesday, Oct. 23
7:00pm
- Sunday, Oct. 27
2:00pm
- Monday, Oct. 28
7:00pm

Questions?
